## KEEP OUT OF REACH OF CHILDREN WARNING

Read entire label for additional precautionary statements • FOR PROFESSIONAL OR INDUSTRIAL USE ONLY

#### GENERAL INFORMATION

DRIFT® is a patented snowmaking additive recommended for use with snow guns used on ski slopes or other areas commercially producing snow. When used as directed, DRIFT will provide excellent snow quality and allow for easier management of snow covered areas. DRIFT organo-silicone surfactant improves snowmaking efficiency and quality by decreasing water surface tension and by increasing droplet surface area during snow production.

#### DIRECTIONS FOR USE

DRIFT is used at the rate of 3 parts DRIFT per million parts water. (3 gallons per million gallons of water / 3 liters per million liters of water.) It mixes readily with water and can be injected through any standard injection/metering system that already exists on site. If you need information on an injection system, please contact Aquatrols for recommended manufacturers.

### For injectors set to inject at 1 ml/gal:

Mix DRIFT in the injection mixing tank to obtain a mix ratio of 1 part DRIFT to 100 parts of water (1:100). This will result in an application of approximately 3 gallons/liters of DRIFT per million gallons/liters of water.

#### For other injector settings/systems:

Mix 3 gallons/liters of DRIFT in the amount of water/solution injected into each million gallons/ liters of water you expect to use in a snowmaking session.

DRIFT mixes readily with water so only one minute of agitation is needed. Turn mixing device off after one minute to avoid excessive foaming.

NOTE: For maximum performance, stock solution should be used within 24 hours.

No special storage is needed.

For more detailed information call 1-800-257-7797.

#### STORAGE AND DISPOSAL

- Keep container tightly closed. Store in original container only. Keep in a secure and locked storage area. Do not add water to the contents of this container.
- Triple rinse container, empty rinse water into spray or stock tank. Dispose of empty containers in accordance with federal, state and local law.

#### PRECAUTIONARY STATEMENTS

- · Wear protective gloves / eye protection.
- · Wear respiratory protection.
- Do not eat, drink or smoke when using this product.
- · Wash hands thoroughly after handling.

## FIRST AID MEASURES IN CASE OF CONTACT

Get medical attention if you feel unwell.

**IF INHALED:** Remove victim to fresh air and keep at rest in position comfortable for breathing. Immediately call a POISON CENTER or physician.

**IF SWALLOWED:** Call a POISON CENTER or physician if you feel unwell. Rinse mouth.

IF ON SKIN: Wash with plenty of soap and water. Call a POISON CENTER or physician if you feel unwell. Wash contaminated clothing before reuse

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing. If eye irritation persists, get medical attention.

# CONDITIONS OF SALE LIMITATION OF LIABILITY AND REMEDIES AQUATROLS CORPORATION OF AMERICA

Poor performance may result from the occurrence of extraordinary or unusual weather conditions, the failure to follow the label directions or good application practices, all of which are beyond the control of the seller. In addition, failure to follow label directions may cause injury to plants, animals, man, or the environment.

This product is to be used and applied according to the labeled directions.

This material is not intended for use by, nor should be used by, consumers. The seller warrants that this product conforms to the chemical description on the label.

The seller makes no other warranties or representations of any kind, expressed or implied, concerning the product, including no implied warranty of merchantability or fitness for any particular purpose, and no such warranty shall be implied by law.

The exclusive remedy against the seller for any cause of action relating to the handling or use of this product is claim for damage, and in no event shall damages or any other recovery of any kind against the seller exceed the price of the product which causes the alleged loss, damage, injury or other claim. The seller shall not be liable and any and all claims against the seller are waived, for special, indirect, incidental or consequential damages or expenses, of any nature including but not limited to, loss of profits or income, or any liability incurred by the buyer to any third party in any way arising out of or relating to the handling, repackaging from original container or the relabeling by the buyer or user, or use of this product, whether or not based on the seller's negligence, breach of warranty, strict liability in tort or any other cause of action.
